# SP-500

CUSTOMIZABLE TEXTILE MASK  
WITH DISPOSABLE FILTERS  
FOR ADULTS/CHILDREN

CERTIFICATIONS: FDA CE

## GENERAL CHARACTERISTICS:

- ▶ Highly resistant to washing, long lasting and high quality.
- ▶ Antibacterial.
- ▶ Great filtering power.
- ▶ **High quality disposable filters [1 week use]**
- ▶ Adjustable on the tie straps.
- ▶ Nature friendly, a large percentage of the fibers are of recycled origin.
- ▶ Personalization of the masks with embroidered or printed logos.
- ▶ Great variety of colors.
- ▶ Elastic and adjustable support straps for different positions.

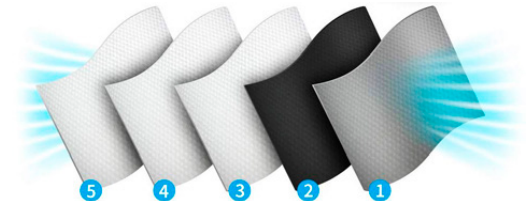

## COMPOSITION

### ▶ Outer or obverse part (1 layer):

- Fabric derived from totally or partially recycled fibers.
- Different possibilities of using fibers such as cotton, bamboo, polyester or blends.
- Special antibacterial finishes made with silver particles that are not harmful for human use.
- Dyes of dispersed or direct origin, according to the use of the different fibers.
- Finishes and dyes highly resistant to washing cycles (greater than 100 washes).
- To maintain the antibacterial quality, it should NOT be washed above 60°C (140°F).

### ▶ Filtering area (5 layers):

It corresponds to the intermediate zone of the mask (located between the external part and the internal part) for the location of the filter. **Each filter is made up of 5 layers of Melt Blown fusion fabric**, which is the same filter fabric that is used (only in 3 layers) for medical masks.

### ▶ Inner or reverse side (1 layer):

It is made of fabric of plant-based fibers (cotton or bamboo) in order to be more comfortable when in contact with the skin and the mouth. The fibers that make up these fabrics are partially or totally of recycled origin. These fibers are a 100% pure in each composition and without mixtures of other fibers that can cause some type of allergies.

# PROTECTIVE CLOTHING

## SUIT PROTECTION AGAINST BIOLOGICAL RISKS

- ▶ Chemical protection garment against dangerous particles (type 5), liquid splashes (type 6) and low pressure liquid aerosols (type 4).
- ▶ CERTIFICATIONS: **FDA** **CE**
